Water Main Replacement Group Job 3008: E-Newsletter #17| Nov. 9, 2009

This is the 17th e-newsletter for Water Main Replacement Group Job 3008. The e-newsletter will be distributed bi-weekly for the remainder of the project to keep the community informed about construction progress. The next e-newsletter will be distributed the week of November 23, 2009.

Project Description

The water main replacement work for Group Job 3008 is well underway. Group Job 3008 consists of two sections - Group Job 532 and 533. Construction crews are now replacing the existing cast-iron mains that are nearly 60-years old and are at the end of their service life.

The project will:

- replace 17,979 feet of 16" cast iron water mains
- improve service reliability
- minimize future water main breaks caused by aging pipes
- increase the size of existing pipes to better serve the area

Total project cost is \$5,777,000.

Contact Information:

Water Department's 24-hour Emergency Services Hotline:

(619) 515-3525

Group Job Public Information Line:

(619) 533-4207

General FAQs:

www.sandiego.gov/engineering-cip

Construction crews place trench cap at the intersection of Grape Street and N. Harbor Drive during night work hours.

Upcoming Construction Activities

During the weeks of Nov 9 & Nov 16 construction will occur in both Group Job areas. (See map.)

Group Job 532:

Day Work

- Continue installation of 16" diameter pipe at the intersection of N. Harbor Drive and Pacific Highway.

Night Work

- Place trench cap along N. Harbor Drive beginning Ash Street going south to Pacific Highway.
- Continue lateral installations from Laurel Street going south to Ash Street.

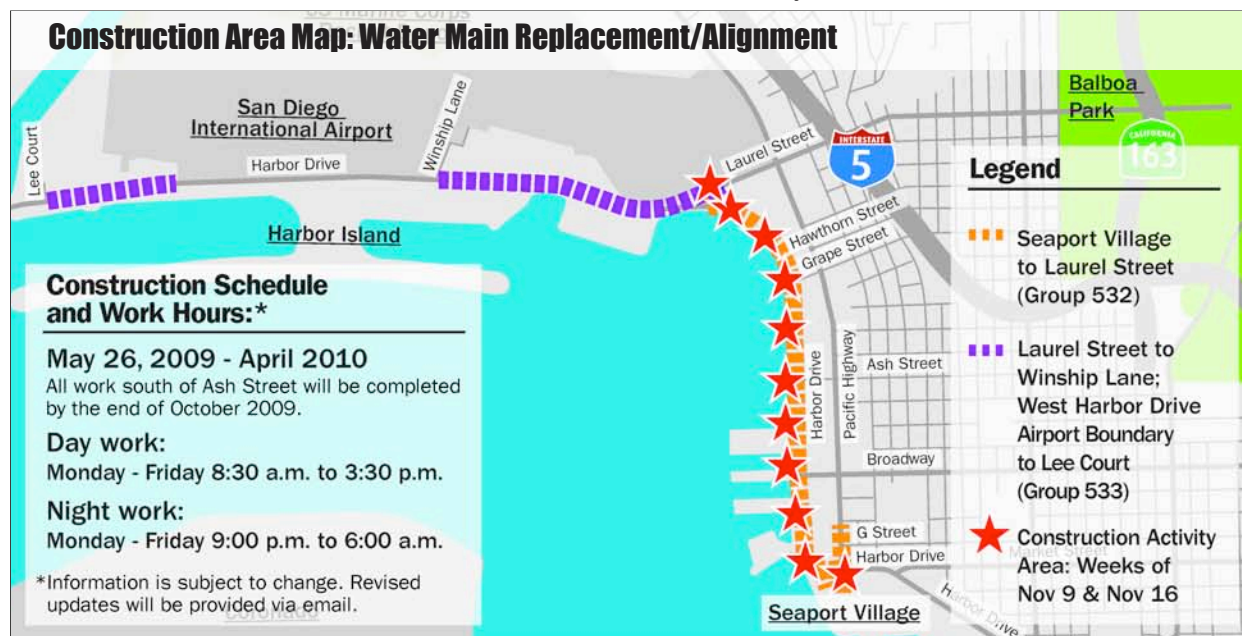

Group Job 533:

Night Work

- Continue installation of 16" diameter pipe at Laurel Street going west on N. Harbor Drive.

Traffic Control for both Group Job areas:

During construction work hours, occasional road closures may occur.

"Working together to engineer a better tomorrow."
